Abumet Launches New and Improved Website

On Friday, October 30, 2020, Julius Berger Nigeria Plc's aluminium and glass processing subsidiary, Abumet Nigeria limited (Abumet), launched a new and improved website www.abumet-nigeria.com, to provide clients a top of the line experience.

The website provides detailed information on all Abumet's products including technical specifications and customization options - allowing users an opportunity to explore products and services safely and comfortably from their home or office.

Servicing both residential and commercial clients, Abumet provides developers, architects, contractors and homeowners a range of aluminum and glass solutions for their varying needs – for both new construction and renovation projects. The company's range of solutions include aluminium doors and windows, insulated glass units, curtain walls, ventilated facades, sun protection systems, partition walls and glass railing systems. Furthermore, Abumet offers top-of-the-line consulting to ensure the right solution for every requirement.

About Abumet

Abumet is a leading full-service aluminium and glass solutions provider with 30 years' experience reliably delivering state-of-the-art products and services to the Nigerian building construction industry. The company's portfolio covers both residential and commercial buildings of varying scopes, including private homes, housing estates, offices, high-rise apartments, new build and remodeled buildings. Abumet's team of engineers and specialized staff are experts in their field, with unrivaled technical knowhow and proven capabilities ensuring the consistent successful implementation of projects. Abumet prides itself on being invested in the long term performance of our solutions, offering top-of-the-line consulting to ensure suitable systems fit to meet each projects' exact needs - making Abumet the ideal choice for architects, engineers and individuals seeking quality aluminium and glass solutions.
