The Federal Government last Saturday in Onitsha once again applauded the Nation's infrastructure construction leader, Julius Berger Nigeria Plc, for the company's uncommon and productive commitment to successful project implementation, as well as for its engineering genius, which the Government called *'excellent.'*

Other Senior Government Officials on the Honourable Minister's entourage to the Project site included the Chairman, Board of Directors of the Nigerian Sovereign Investment Authority, Mr. Farouk Gumel, and the NSIA Managing Director, Uche Orji. The Deputy Governor of Anambra State, Gilbert Onyekachukwu Ibezim, also joined in inspecting the Project.
