PrimeTech Design and Engineering Honours Long-Serving Staff, Commissions Office Extension Building in Abuja

Julius Berger's subsidiary, PrimeTech Design and Engineering Nigeria Ltd, last weekend in Abuja had a ceremony to honour its long-serving staff.

The ceremony, which was dual in nature, included the commissioning of PrimeTech's newly completed office extension building, which provides additional offices to its iconic state-of-the-art business complex in Abuja, the Federal Capital Territory.

The Company Chairman and Board Member of Julius Berger Nigeria Plc, Hon. Engr. Jafaru Damulak, who was at the event, spoke nostalgically about PrimeTech's humble beginning. He commended its management for committedly and productively growing the business from a mere service unit of Julius Berger to its current status of providing high-value and reliable services to high net-worth third-party clients. Engr. Damulak enjoined both the management and staff of PrimeTech to remain positive and committed to the growth of the company's business.

Leading a delegation from the parent company - Julius Berger Nigeria Plc to the well-attended event and representing its (Julius Berger's) Executive Management is the Financial Director, Mr. Christian Hausemann.

Speaking at the occasion, PrimeTech's General Manager, Mr. Christian Moessmer, thanked the long-serving personnel of the company for their productive loyalty and faithful commitment to the founding vision of PrimeTech. He took an excursion into PrimeTech's historical evolution over the years into the design and engineering subsidiary of the leading quality and reliable Julius Berger Brand.

Moessmer spoke proudly about the challenges the company have surmounted to emerge Nigeria's preferred and most dependable design and engineering business partner. According to him, "PrimeTech has been committed to client's satisfaction and places the utmost value on professional and collaborative cooperation". He added that, "the company prioritizes long-term business relationships built on trust and transparency and also places a focus on setting mutually agreed and realistic goals that reflect the parameters set for any given project".
